Psychiatry
Quick Reference Guide

UNIVERSITY OF MARYLAND MEDICAL CENTER

The Department of Psychiatry provides comprehensive psychiatric services to all age groups. A team of psychiatrists, psychologists, social workers, occupational therapies, addiction counselors and clinical nurse specialists offer a range of inpatient and outpatient services for children, adolescents, adults and the elderly.

At the University of Maryland Medical Center, we appreciate the value of your clinical time. We have structured our Psychiatric Assessment and Referral Center (PARC) to handle inquiries, referrals and admissions 24-hours-a-day.

Psychiatric Assessment and Referral Center 410-328-6231
